BE CAREFUL WHAT YOU SAY.

When speaking of a neighbor's fault,
Pray don't forget your own;
Remember, those with homes of glass
Should never throw a stone.
If we have nothing else to do
But talk of those who sin,
'Tis better far we look at home and
From that point begin.

We have no right to judge a man
Until he's fairly tried;
Should we not like his company,
We know the world is wide
Some may have faults—and who has
not,
The old as well as young?
Perhaps we may, for all we know,
Have fifty to their one.

I'll tell you of a better plan
And you'll find it works full well,
To try the remedies on ourselves
Ere we on others tell;
And though I hope to some time be
No worse than some I know,
My own short-comings bids me let
The faults of others go.

Then let us all, when we commence
To slander friend or foe,
Think of the harm one word may
do

To those we little know.
Remember, curses sometimes, like
Our chickens—roost at home—
Don't speak of others faults until
You have none of your own.

YANKTON

The Yankton Sunday School held their picnic in a grove on the Tarbel farm near Warren on last Wednesday, August 5th. There were between 50 and 60 children present, besides a good sized crowd of adults. The white cloths were spread out on the grass in a grove of old oak trees and laden with good things to eat. There was an abundance of fried chicken, delicious cakes, salads and all the other good things which generally go with a picnic dinner. When places had been found for all at the tables and seated on the grass, with the sunlight gleaming through the inter-laced branches above and forming graceful shimmering brocade shadows beneath, Mrs. Bushong's sweet voice started a song of praise, and joined by the voices of the children, was wafted through the silent grove and out on the water beyond. The afternoon was spent playing games and all enjoyed the day. A row boat afforded the children much pleasure and amusement. On the return the wagons reached Briggs' store about 7:00 p. m., and the tired but happy children started for their homes around Yankton.

Fire broke out in the brush around the S. Rock place and the Rudolph Karth place in the early part of the week.

Mrs. Butts, who has undergone a surgical operation at the St. Vincent Hospital in Portland, is reported to be doing nicely.

Mrs. Brannon and family are visiting in Portland.

John Kappler and family visited at the home of his brother, Rudolph Kappler.

Little Miss Lola Slater is visiting at the home of her brother, William Slater.

A VOICE FROM SCAPPOOSE.

Scappoose, Ore., Aug. 12, 1914.
Another instance where the county has saved money by doing its own road work, is that of the south Scappoose road, lately completed for travel.

The lowest bid submitted for this work was about \$7,000, which the Court considered too high, as the estimated cost according to figures of the County Highway Engineer was placed at \$4,200.

The total cost as performed by the county roadmaster was \$3,520, a saving to the county of \$3,480.

Autoists pronounce this as fine a road as any in the state, both as to grade and finish which indicates our county officers are making no mistake in conducting road building.

BARGAINS IN REAL ESTATE.

The St. Helens Improvement Co. herewith presents a list of bargains in Columbia County that for prices and terms cannot be equalled. They have secured these properties on such conditions and they can make the payments so easy that any person desiring a farm or city home can afford to buy. Look them over!

72-Acre farm—This place has 40 acres in cultivation and the balance in pasture, easily cleared. It is on the main Portland road, on a milk route, rural delivery, and telephone. Less than one mile from a depot and about a half mile from a first class high school. An excellent opportunity for a dairy farm, there being sufficient pasture and farm lands to handle 30 cows. This place can be bought for \$125 per acre on easy terms, and 7 per cent interest on deferred payments.

The greatest opportunity ever offered in Columbia County in the way of a dairy farm—896 acres of the famous Sauvies Island, on the Willamette Slough between St. Helens and Portland, where the Steamer America and Iraida goes every day in the week laden with cream and milk to the Portland markets. With the place goes 40 head of fine dairy cows, 2 horses, all farm implements, in fact, everything to enter right into the business. House, barn and outbuildings, all complete for \$40,000, with one-third cash and the balance at 7 per cent on long time terms. This is positively one of the best dairy farms in the State of Oregon and at a price that can not be duplicated.

1,000 acres of logged off land at \$18 an acre. Pacific Highway runs through this tract and it is only one mile from the railroad and Columbia river. This tract is near Goble in Columbia county, and nearly all of it will make first-class farm and orchard land. Easily cleared and well watered.

Also 160-acre tract near Yankton, \$30 per acre, near good school and on good road.

10 Acres—2 acres cleared, all fenced, all in pasture, good new bungalow house, near good school, on good road. All good soil and can sell you this home for \$150 cash, balance in monthly payments of \$10, 7 per cent. Can you beat this for \$1,300?

We have 10-acre tracts for \$50 down and \$10 per month, 6 per cent interest on deferred payments. All level land and extra good soil and in one of the best neighborhoods in the county.

If you want lots in St. Helens, we have them. 4 lots \$100; \$10 down, \$10 per month, 7 per cent interest for the 4.

We can sell you a good 6-room plastered house for \$100 down, \$15 per month, 7 per cent. Why pay rent?

Do you know that we have customers that want to buy horses, cows, pigs and chickens. If you have them for sale, tell us.

If you want to rent, buy or sell; have your house, barn or auto insured, let us know.

Prohibition vs. Temperance

In Germany, where prohibition is unknown and where all the people have been temperate drinkers of wholesome beers and light wines, there is less drunkenness than in Maine or in Kansas—the two most conspicuous prohibition states in the Union.

The same is true of France and Italy. The world over you will find that the really temperate races are those who are not prohibited from drinking temperate beverages such as beer and wine.

Prohibition in Germany, France or Italy would produce exactly the same results that it has produced in every state in the Union where prohibitory laws have been enacted. It would not stop men from drinking nor decrease drunkenness, but it would drive out the mild drinks and encourage men who do drink to resort secretly to the highly concentrated spirits.

If prohibition really saved men from the "curse of drink" it would have more to commend it to the intelligence of the people. But, as the great editor, Henry Watterson, observes in the Louisville Courier-Journal, "It does not promote either temperance or virtue. It arouses human passion to frenzy by restricting private rights. It does not reduce drunkards. It multiplies Pharisees and malefactors."—Paid Advertisement.
